User Manual

Usage

The add-on automatically adds a new rating section to each page and blog post, which will enable users to rate the content using the predifined criterias in one of following modes:

- Toggle (default)
- Toggle Small (unobtrusive design)
- Knob (wheels for more specific ratings)

Statistic

Global Statistic

Statistic of global content ratings can be found under "User Menu -> Content Rating Statistic".

Global statistic link is visible for users in specific group defined by administrator.

Space Statistic

Statistic of content ratings for current space can be found under "Space tools -> Content Tools -> Content Rating Statistic".

Statistic table lists only permitted items for current user of space.
